### Community Care Program Volunteer

St John is looking for motivated, caring and enthusiastic individuals to participate in the Community Care Program.

The Community Care Program offers assistance to members of the community who have little or no support. The clients of the program are elderly or living with a disability. As a volunteer you will partner with St John and our clients and provide support such as home visits, shopping, banking assistance and outings.

These volunteer positions would suit individuals who possess good interpersonal and communication skills, can interact with people from a variety of backgrounds and ethnic origins and have a knowledge of issues facing the elderly and the disabled.

Successful candidates will be required to hold a current National Police Certificate (NPC) no older than 6 months, prior to commencement of volunteering with St John.

This is a fantastic opportunity to use your own strengths, values, skills and life experiences to enhance the wellbeing of others.

The Community Care Program is flexible and can fit in with your lifestyle and available time. Training and support will also be provided to you as part of the Program.

An hour or two a week or fortnight can make such a difference to someone's life.
